

6-FOLD DIN RAIL CURRENT TRANSFORMER FOR THE UMG 20CM, TYPE CT-6-20, CLASS 1

This current transformer has been specially developed for the UMG 20CM and offers 6 measuring channels in one transformer. It enables parallel measured value acquisition and processing.

6-FOLD DIN RAIL CURRENT TRANSFORMER, TYPE CT-6-20 – TECHNICAL DATA

6-FOLD DIN RAIL CURRENT TRANSFORMERS, TYPE CT-6-20, CLASS 1

ACCESSORIES

Prefabricated connecting cable, 1.5 m, twisted, shielded with plug

0802440

*1 Can be preconfigured as required via DIP switch

*2 transformers integrated.
